SRH \$176.00

Silicone flow control valve for suction/irrigator.

FCV \$46.00

SSS (Replacement stainless steel striker for water line) **\$9.00**

Stainless steel tip for suction/irrigator. Available in 2.5 and 3.0 mm openings.

SRP2 (2.5 mm Opening) **\$98.00**

SRP3 (3.0 mm Opening) **\$98.00**

SR05 (2.3 mm Opening) **\$98.00**

Micro suction for endo and oral surgery. This unique suction tip offers a very slender suction orifice. Hand bend the tip to optimize the suction angle for various procedures. Order the clear LV Tube adapter to view material as it is suctioned or attach directly into a saliva ejector valve using the reduced barb adapter.

LV02 (1.0 mm Opening) **\$42.00**

LV03 (2.0 mm Opening) **\$42.00**

LVTUBE (Clear LV tube adapter) **\$3.00**

Minnesota retractor with suction. Will attach to 1/4" surgical tubing or may be used with the tubing adapter sets shown on page 26. **MINN-S \$125.00**

Seldin 23 retractor with suction. Will attach to 1/4" surgical tubing or may be used with the tubing adapter sets shown on page 26.

S23-S \$135.00

This surgical aspirator features a tapered tip and a vacuum relief hole which allows you to adjust the vacuum pressure by covering or uncovering the hole. Recommended cleaning brush size (Pg. 25): Medium.

15P1HO (1.5 mm Opening. Fits HVE cut-off valve) **\$30.00**

15P2HO (2.5 mm Opening. Fits HVE cut-off valve) **\$30.00**

15P3HO (3.0 mm Opening. Fits HVE cut-off valve) **\$30.00**

Backflow valve for use with saliva ejector tubing. The backflow valve is positioned within 6" of the saliva ejector valve and eliminates backflow by shutting off the suction before backflow can occur.

BFV-SE \$24.95

Fiberoptic Endo light guide. Includes 3 rubber dam clamps supplied by Quality Aspirators (call for sizes and availability) or 6 rubber dam clamps supplied by the doctor (you send in types and sizes you want). Light guide fits the Quality A, Midwest, Kavo and Vicon light sources and can be adapted to fit others. Standard length of the endo light guide is 8'. Longer lengths available at an additional charge.

ENDO-LG \$235.00

Fiberoptic Clip for the Cavitron Scaler. This bifurcated fiberoptic clip gives a complete circle of light around your working area. The clip slides onto your existing cavitron scaler and can be autoclaved or chemiclaved.

CC-FO \$185.00

Disposable Aerosol Reduction System. Safety SUCTION™ puts the control of ultrasonic aerosol spray in your hand! Safety SUCTION™ is currently available only for Cavitron® type ultrasonic scalers

SS50 (50 disposable Safety Suction Tips) **\$34.50**

SST1 (1 Set reusable tubing) **\$4.95**

SST5 (5 Sets reusable tubing) **\$19.95**
